Nikhil Redkar Country Head, Kuka Home, China

WOFX proved to be an outstanding B2B platform for us. We had many dealers from the West and South of India visiting us as well as a few dealers from the North, providing us with valuable regional and national exposure. What truly set this expo apart was the quality of attendees—a well-curated and targeted audience that enabled us to conduct business efficiently and productively. It was a seamless experience that exceeded our expectations.

Mustafa Merchant Founder, Urban Living, India

We are in the business of manufacturing upholstered furniture and seating solutions from our factory in Mumbai. This is our 3rd year at WOFX and every year has been better for us. This year the show has gone 2 notches up in terms of quality in a new venue, very well laid out leading to a very good experience for us. The reason we also participate regularly at WOFX is because this show is primarily dedicated and focused on dealers who come from all over the country which is our main focus and main market so this is the best show for us. WOFX is perfect for Business-to-Business relationship building and we highly recommend this show.
